Title: Data Scientist & Analyst | Machine Learning | AI, LLMs & RAG

--- PROFESSIONAL SUMMARY ---
Computer Science graduate skilled in Python, SQL, Power BI, Data Science, Machine Learning, NLP, CV Basics, and Generative AI. Experienced in developing intelligent chatbots using Google Gemini & RAG, real-time webcam face detection with OpenCV, core Banking Management Systems with Python & SQL, and interactive dashboards in Power BI & Streamlit with Render deployments.

--- TECHNICAL SKILLS ---
* Programming & Databases: Python, SQL, MySQL Workbench
* Data Analytics & BI: Power BI, Pandas, NumPy, EDA, Statistics, Matplotlib, Seaborn
* Machine Learning: Scikit-learn, Regression, Classification, Clustering, Feature Engineering, Model Evaluation
* AI, LLMs & NLP: LLMs, RAG Concepts, Chatbot Development, Prompt Engineering, NLP, BART Transformers
* Computer Vision: CV Basics, OpenCV, Live Face Detection, Image Processing
* Deployment & Tools: Streamlit (ML Frontend), Render (Deployment), Flask (REST APIs), Git, GitHub

--- PROFESSIONAL INTERNSHIPS ---
1. Cognifyz IT Solutions Pvt. Ltd. | Machine Learning Intern [02/09/2026 - 02/10/2026]
   - Intern ID: CTI/A1/C414330. Built and evaluated ML models with Python & Scikit-learn.
2. Datapro Computers Pvt. Ltd. (APSCHE & NSDC) | Full Stack Python Intern [01.12.2025 - 07.03.2026]
   - Certificate: DIC0011194398. Built full-stack Python software with relational SQL database backends.
3. BDreamz Global Solutions (Chennai, India) | Data Science & AI Intern [Apr 2025 - Aug 2025]
   - Developed end-to-end data preprocessing pipelines, EDA, and Scikit-learn predictive models.

--- FEATURED PROJECTS ---
1. AI-Powered RAG Chatbot | Python, Flask, React, Gemini API, RAG Concepts, Render
2. Banking Management System | Python, SQL, MySQL Workbench, ACID Transactions, Ledger Auditing
3. RBI & Commercial Banking Analytics Dashboard | Power BI, Python, Streamlit, Public vs Private Banks
4. Live Face Detection System | Python, OpenCV, CV Basics, Haar Cascades, Streamlit ML Frontend
5. Employee Salary Growth Prediction | Python, Scikit-learn, Random Forest (85% R2 Score), Streamlit
6. AI Text Summarization System | Python, NLP, BART Transformers, PyTorch, Flask REST API

--- EDUCATION & CERTIFICATIONS ---
* Aditya Degree & P.G College [Jun 2023 - May 2026] | Computer Science - B.Sc. | CGPA: 8.0 / 10.0
* Machine Learning Internship Certificate - Cognifyz IT Solutions (CTI/A1/C414330)
* Full Stack Python Internship Certificate - Datapro Computers (DIC0011194398)
* Generative AI Learning Path - Google Cloud Skills Boost | Python Essentials - Cisco
